GETTING EVEN WITH THE UMP.

A little dog sat on his tail
And barked and barked and howled—
He barked till scores of dogs and cats
Were up, and growled and yowled.
He barked and barked, and now and then
Bark some awful mornings,
Till sleep was banished and the air
Was full of rocks and groanings.
“Now why and wherefore, little dog,”
Cried out a passer-by,
“Don’t thou so hideously lament
Against the evening sky?”
The little doglet smote a smile,
His stubby tail wagged he,
And thus spoke up that little dog
In ecstasy and glee:
“I’m punishing a sinful cuss,
And evening up a score—
I bark and howl all night, because
There’s an Umpire lives next door!”

DELICATE OPERATION

Coroner Charles Slack performed a delicate piece of surgery yesterday morning in removing a piece of a broken needle from the finger of the right hand of Mrs. Christian Clegg of West Second street. The piece of steel was half an inch long, and was imbedded in the member while washing clothing, having been left in the garment by some careless person. The wound was very painful, and when the foreign substance was removed relief was afforded at once.

BETTER RETURN THE PAPERS

Jacob Strobel, aged 78, a Civil War pensioner, living with Mrs. Mary Kehler, a relative, residing in Mason county, recently lost an envelope containing his voucher and a \$60 Government check, that being the amount of his last quarterly allowance. He was approached by a woman who informed him that a certain party had found the envelope, but wanted \$25 as a reward for its return. Mrs. Kehler was in the city yesterday seeking legal advice as to how to proceed in the recovery of the old soldier's papers. The retention by the party who found the papers is a Penitentiary offense, and the quicker he returns them to the rightful owner, the better it will be for him. His action is shameful, besides it is dishonest.

FOR CASH ONLY!

These prices represent, respectively, Suits and Overcoats that sold from \$10 to \$12, from \$16.50 to \$18, from \$22.50 to \$28. It is just this way. After invoicing we find that unless we make big sacrifices we will carry over too many Suits and Overcoats, "and we are going to make these sacrifices." The sample garments that you will see in our clothing window at above-named prices are convincing proofs that we are going to have a "house-cleaning," regardless of profits or losses. We prefer to incur the latter to carrying them over. Every garment at the advertised prices are this season's.

In this sale will be included Young Men's Suits that sold for \$15 and \$16.50, at \$9.75. We have quite a big lot of Boy's Long Pants Suits, ages 13 to 16, that are strictly all-wool. Many of them sold from \$9 to \$12. Owing to having too many you take your choice at \$5 a Suit. They will make splendid school suits.

JUDGE BLAIR of West Union would be the proper man to hear out the charges against Senator LORIMER of Illinois.

HERE we are again. "The subsidized press" is now advertising the fact broadcast to the world that—

"One of the most gigantic deals ever put through in this country, involving the expenditure of more than \$50,000,000 and the purchase of 1,100,000 acres of wood and coal lands in Kentucky, was closed at the Hotel Belmont in New York City."

Before the big Wall street interests acquired this Kentucky mountain land it was worth about 30 cents an acre in the eyes of certain newspapers.

THE WRIGHT Brothers are foxy aviators. They are not high flyers, and, like the wise boys that they are, they keep close to mother earth while nearly all their reckless colleagues to their death. Aviation is the most dangerous sport ever invented, and the fool who simply invites a quick and terrible death. twentieth century is but ten years old, but as already produced some of the most acrobatic stunts unheard of before, and the fools ain't all dead yet.

NORTH Pole faker No. 2, ROBERT E. PEARY, is having his hypocrisy laid bare before the House Sub-Committee. PEARY admitted that a man who had never been near the Pole could very easily falsify the geographical proof. Congressman MACON of Arkansas is the man who is exposing "Dr. Cook No. 2" to the world. If Congress makes PEARY an Admiral for his so-called North Pole discovery it will plainly show its ignorance and its desire to be humbugged by any old faker who delights in seeing his name blazoned in print on every public billboard in the land.

AND Uncle Sam has gone into the Banking business and will borrow the poor people's money at 2 per cent. Think of it! Two per cent! Can you borrow any money for less than 6 per cent? And Uncle Sam is a safe Banker, because he never lends, but simply borrows, at 2 per cent. Here's another case of having our kindly old Uncle pull one of the public's legs while the express companies pull the other. Verily the common peepul are but sheep to be shorn by sharpers who are behind every corner.

By his "reversal of form" in voting to sustain Speaker CANNON in his Czar-like House rules CHAMP CLARK, the Democratic Speaker-to-be, has shown himself utterly unworthy of trust as a consistent leader. CLARK has fought the Speaker and beaten the air with his asinine gyrations against the "damnable despotism of JOE CANNON," and now, when CLARK himself is to be Speaker, he wants CANNON's iron-clad rules sustained for the benefit of the Democrats, who supported CLARK in sustaining Speaker CANNON. CLARK may call that "Jeffersonian Democracy," but public opinion, which has so often sat down on Democratic demagogues, will understand that principle is foreign to CLARK and his allies, and that they are all actuated by the meanest brand of office-seeking politics.

The House of Hechinger, always enterprising under the management of Colonel Davis Hechinger, the past year eclipsed all former efforts in the mercantile line, it being the fiftieth year of Mr. Hechinger's business career in Maysville.

There were nearly 100,000 tickets given away on the Victrola and Mr. Clark held the magic number.

The readers of this paper will be pleased to know that there is at least one dead disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that fails to cure. Send for list of testimonials.

Another Fire Horror at Cincinnati

CINCINNATI, O., January 11th—The second great fire within three weeks in this city resulted in known injuries to a dozen firemen and spectators, one of them fatal. The loss is estimated at upwards of a million dollars. Six firemen were rescued, severely injured.

"Present For the Baby"

Judge Blair's work over at West Union is bringing out all kinds of big stories. Among the number of those sentenced Monday was Cliff Bentley, a young farmer of Monroe Township, who said he believed himself only morally guilty. He said he refused offers of \$15 for his vote, tendered last fall by workers of each political party. On his way home from the polls he accepted a ride in the buggy of a party worker, who, after they had ridden for a considerable distance, handed Bentley \$3 as a present for his baby, explaining that he had that much left of his boodle fund, and Bentley might as well have it as any one else.
